

The MBA, Big Data Advanced Analytics Program
at Arison School of Business, is proud to host

Inmar Givoni

Senior Engineering Manager at Uber
ATG Toronto

On the subject:

"Self-Driving with AI at Uber"

Thursday, November 22nd at 2:30PM

Room A208, Arison-Lauder building

IDC Campus, Kanfei Nesharim Street, Herzliya

How does self-driving technology work, and how is AI accelerating self-driving technology? Join me for a tour of all that's new and exciting at Uber's Advanced Technology Group, where we've been pushing the academic state-of-the-art, and integrating it into our vehicles.

The event requires [RSVP](#)

The Lecture will be held in English | ההרצאה תועבר בשפה האנגלית
